

SABG Bulb & Seed Exchange 2024

Below are listed all bulb and seed donations, including items promised to be available shortly. As always, our members have once again been very generous with their surplus material and time; this year there were 34 donors which I think is a record. Nevertheless, some seeds and bulbs/corms are in extremely short supply. Whilst we will try to fulfil all requests, it is hard to split a single bulb six different ways.

Naming

Species are listed below using the names provided by the donors. In a few cases, the spelling of names has been corrected, but as a voluntary organisation with limited resources, please bear in mind that we are not able to check the accuracy of these identifications. I have included *Polyxena* within *Lachenalia*. Plants we have previously grown as *Empodium flexile* or *E. namaquensis* are now ***Empodium elongatum***. Plants we have previously grown as *E. plicatum* are now ***Empodium flexile***.

Ordering

On receipt of the list, please send your wishlist to me, Jon Evans, 46 Upper Way, Farnham, Surrey, GU9 8RF, UK, or to jonevans46.uw@btinternet.com. I **will** acknowledge every email request I receive, usually within 24 hours, so if you don't receive a response, please try again, and copy in the secretary, Richard White (richard@sabg.uk) – your request may have vanished into the ether. However, **please note that I will not have access to email on 17th and 18th August**, so there will be a short delay before I can acknowledge early requests. Please get your requests back to me **by 30th August**, as I will start dispatching items in early September.

- There is no limit to how many items you may request. But **please mark up to ten** first choices. I will try to satisfy everyone's first choices before looking at additional items requested.
- Please order by using the numbers alongside the descriptions.
- If you want a particular species but don't care which donation, just give the name of the plant and 'Bulb' or 'Seed'.
- Remember to add your **postal address**.

If you have not donated bulbs or seed to this Exchange, the Committee expects you to make a donation to cover the cost of postage and packing. The following table suggests minimum amounts:

Order	Minimum
• seed only	£3.00
• < 10 items	£3.00
• 10-50 items	£6.00
• > 50 items	£10.00

No large bulbs eg *Nerine*, *Veltheimia*

You can send cheques drawn on a UK bank or UK postal orders payable to "SABG", or make a bank transfer to 'Southern African Bulb Group', sort code 60-01-31, account number 59755709. In the latter case, please specify your name as the reference so that we know who it's from. Please don't send postage stamps.

PayPal

We cannot directly accept credit or debit card payments, but if you have a PayPal account you can pay that way. Overseas members may find this helpful. Brief instructions follow, but note that the PayPal web-site and apps on mobile phones may vary and we cannot keep track of changes in their user interfaces.

To use PayPal, log into your PayPal account using a Web browser or the PayPal mobile app, click on "Send" and enter the address **pay@sabg.uk** or the user name **@paysabg** into the box. You should see "Southern African Bulb Group", so choose this and you will then be able to enter the amount to pay, in £ (GBP). If you are using the PayPal web-site, you may only be able to enter digits for the pounds and pence, not a period ".", so watch carefully where the decimal point appears as you type! The PayPal app on Android seems to be better designed in this respect.

Please add a brief note in the box to describe what the payment is for, e.g. 'Exchange 2024'. Include your name if your PayPal account uses a name which we might not recognise. Choose **"For goods and services"**, not "For friends and family". Click on "Continue". A "shipping address" may be shown, but I won't see this, so make sure you sent me your postal address with your order. Note that it may show a "PayPal fee", but that refers to any fee you might have to pay (e.g. for currency conversion). Even if it is shown as "£0.00", we still have to pay a small fee ourselves. Click on "Send money now".

Overseas Members

We are only able to send material to overseas addresses in ways complying with their government's regulations (i.e. no mis-labelling of contents etc), and only when conforming with those regulations is neither too onerous, nor expensive. We expect the relevant member to be able to guide us in following their government's requirements. Although we'll do our best to comply with the regulations where possible, we cannot be held responsible for any bulbs or seeds which are confiscated.

A Phytosanitary certificate is now required to send packages to the EU, and to Australia. This would be expensive and a difficult administrative burden, and we regret that as a result we are unable to send bulbs or seeds to EU or Australian addresses at this time.

Donors

Donors' initials are shown against each description, as follows:

AM	Anthony Murphy	FL	Francisco Lopez	MH	Michael Hughes
AT	Aiko Talens	GE	George Elder	MS	Michelle Swann
AVB	Alice Vanden Bon	HM	Helen Mount	MWa	Maciej Wacławski
